4. Cabinet has agreed to the recommendations contained in the Master Plan for the Recreation Zone on *Île aux Bénitiers*. The objective of the Masterplan is to promote socio-economic development through touristic activities on the islet while at the same time preserving its biodiversity. The Masterplan caters for amenities such as walkways and access routes, off-grid solar power supply, water tanks for rainwater harvesting, waste management facilities, interactive signage, CCTV surveillance and controlled entry through a ticketing and visitor management system. An embarkation point has been identified at La Gaulette for safe boarding and disembarkation of visitors.

The recommendations will be implemented in phases, with the collaboration and involvement of concerned Ministries, the Tourism Authority, the District Council of Black River, the Forestry Services, the National Parks and Conservation Service, law enforcement agencies, as well as through Public-Private Partnerships.

13. Cabinet has taken note of the recent participation of the Minister of Gender Equality and Family Welfare in the Global Summit of Women held in Beijing. The Summit, which commemorated the 30<sup>th</sup> Anniversary of the Fourth World Conference on Women, provided a high-level platform to review progress achieved under the *Beijing Declaration and Platform for Action* and to strengthen global commitment to gender equality and women's empowerment. Held under the theme "Carrying Forward the Spirit of the Beijing World Conference on Women and Promoting the New and Accelerated Process for Women's All-Round Development", the Summit reaffirmed that gender equality and women's development are shared responsibilities of the international community and key drivers of sustainable development.

In her address at the Plenary Session, the Minister reaffirmed Mauritius' commitment to the Beijing Declaration and Platform for Action and to Sustainable Development Goal 5 on achieving gender equality and empowering all women and girls. She outlined progress made in gender parity in education, women's leadership, gender-responsive budgeting, implementation of the National Gender Policy 2022-2030, as well as initiatives supporting women entrepreneurs through training, digital literacy, and financial inclusion. She also highlighted national efforts to integrate gender perspectives in climate action and to address challenges such as the gender wage gap, underrepresentation of women in STEM (Science, Technology, Engineering and Mathematics) and decision-making positions.
