

## **HIGHLIGHTS OF CABINET MEETING – FRIDAY 03 JUNE 2022**

1. Cabinet has agreed to the promulgation of the Maritime Zones (Economic Activities) (Amendment) Regulations 2022. Any activity involving the use of marine renewable energy would be prescribed in the list of economic activities under the Maritime Zones (Economic Activities) Regulations. The terms “deep sea water energy conservation and production technologies” would be replaced by “technologies for energy conversion and production from marine renewable energy resources”. This would allow an activity that uses proven innovative technologies and contribute to energy conversion using thermal and other properties of the sea water as well as production of energy from tides, waves, winds and currents.
